It is suitable for complete beginners and for those who already have some knowledge of the language, and provides between 90 and 120 hours of work. It is designed to help students to become confident in speaking and understanding simple English. It gives them a formalized knowledge of how English works to support their communicative practice and at the same time aims to develop good learning habits and techniques which students need both in class and when studying on their own. "Blueprint Two" consists of a students' book, teacher's book, workbook, student cassette and set of two class cassettes. It builds on the foundation of skills and confidence established in "Blueprint One", with an increased emphasis on the development of reading and writing techniques. The student's book contains 40 short units which give students a feeling of rapid progress through the material, with progress checks and fluency and learning to learn activities every five units, and a language review section at the back. 141 pp. Englisch.
