Whales and Nations: Environmental Diplomacy on the High Seas

By Kurkpatrick Dorsey

University of Washington Press. Hardcover. Book Condition: New. Hardcover. 372 pages. Based on a deep engagement with diplomatic history, *Whales and Nations* provides a unique perspective on the challenges facing international conservation projects. This history has profound implications for today's pressing questions of global environmental cooperation and sustainability. Kurkpatrick Dorsey is associate professor of history at the University of New Hampshire. This important book is essential for understanding...
