Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Manual of Conchology; Structural and Systematic, Vol. 1: With Illustrations of the Species I propose to compile a Conchological Manual, which, whilst more comprehensive than any similar work hitherto published, shall be so condensed in text and illustration that it may be issued at a much more moderate price. It will include, in systematic order, the diagnoses of all the genera and higher divisions of the mollusca, both recent and fossil, and the descriptions and figures of all the recent species; together with the main features of their anatomy and physiology, their embryology and development, their relations to man and other animals, and their geological and geographical distribution. The material at my disposal for the purpose of working up this comprehensive plan is ample and unexcelled: I. - The Library of the Academy of Natural Sciences of Philadelphia contains almost every separate work ever published upon the subject, together with the various volumes of voyages and travels, of general natural history, and especially scientific periodicals, and the published transactions of learned societies throughout the world. For Conchological purposes this library is almost complete, and it is very rarely that its shelves do not afford any reference desired. II. - The Conchological Museum of the same institution ranks among the largest in the world in the number of species represented, whilst in the richness of its geographical suites, the number of specimens illustrating varietal forms, etc., it is probably the finest collection extant. It is intended to arrange and describe the valid species in accordance with their inter-relationships, and it is hoped that by so doing their number may be greatly reduced. Every genus and every recent...
