Hooliganism in England - typical for the British society?

By Patrick Schorer

GRIN Verlag Gmbh Jun 2013, 2013. Taschenbuch. Book Condition: Neu. 211x144x12 mm. This item is printed on demand - Print on Demand Neuware - Scholarly Research Paper from the year 2009 in the subject English - Applied Geography, printed single-sided, grade: 1,3, University of Applied Management (Faculty of Sport Management), course: Englisch II, language: English, abstract: Margaret Thatcher, former Prime Minister of Great Britain, once said that Hooliganism is one of the most famous export goods, Britain can not be proud of. This statement by itself emphasizes the significance of the hooligan problem not only in the British society, but all over Europe. Hooliganism is often called the English disease, so the question arises if Hooliganism is a typical feature of the British culture. Therefore, the following essay should explain whether Hooliganism can be named a typical symbol for the society or not.[.] With few exceptions, for example riots of British supporters during the World Cup 2006 in Germany (but there will always be some unreformable slob), the hooligan problem could nearly be erased up to today, especially in Britain's club football. The hooligan firms use the clubs just as a distinguishing feature for themselves. Actually they do not have any connection to the modern football business of today....

Reviews

I actually started looking over this publication. It really is really interesting through studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dana Hintz

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You won't really feel monotony at any moment of your time (that's what catalogues are for concerning when you ask me).
