Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

A POCKET-BOOK OF BRITISH BIRDS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Pocket-Book of British Birds As introductory to this little book, I think it is desirable that its object should, in the first place, be explained. It is intended solely for the purposes of reference in the field, and has been very carefully compiled by the combined aid of well-known ornithological works, coupled with practical observations and notes made by myself from time to time in various parts of the British Isles. The book is of a small size, and should be carried in the pocket, where it would always be handy. Information will be found about all British birds that breed in these islands, and those that are regular visitors at one time of the year or another. Rare species - in some cases irregular stragglers and perhaps unwilling visitors - hardly come within the scope of this book, as the chances of seeing them during a country ramble are very slight. Dismissing at once those species of which only a few specimens have been observed or obtained in this country, there yet remain a goodly number of rare birds, and a short note about them is given, either...
