Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 244 pages. Dimensions: 9.7in. x 7.4in. x 0.5in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1920 Excerpt: . . . needs of the average back-yard soils. The amount of fertilizer to apply will vary with the natural fertility of the soil, the previous treatment, and the crops to be grown. A pound for 50 square feet should bring desired results on most soils. No amount of commercial fertilizer, however, will make up for a deficiency of humus; in fact, large applications of commercial fertilizers are justified only on soils well-supplied with humus. When manure is not used the humus is usually supplied by turning under a soil-improving crop. Rye is the crop most generally used as it may be planted late in the season after the vegetables have been harvested, CROPS AND VARIETIES FOR THE HOME GARDEN Generally too little attention is given to the needs and preferences of the family, when the garden is planned. Crops that are not relished should never be grown unless for trial or test. In many gardens there is too great a supply of lettuce and string beans and not enough of beets, carrots, and other vegetables. In studying vegetables to be planted, especially where the space is limited, the food and the money values as well as the space required should be considered. In a limited area, quick-maturing crops and those producing large yields in proportion to the space required should be planted, for example, tomatoes, eggplant, beans, lettuce, beets, carrots, parsnips, and onions. After early crops have been removed, other vegetables may be planted in the same space....
