RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 30 pages. OCLC Number: (OCoLC)50987888 Subject: Federal aid to medical research -- United States. Excerpt: . . . great Senator, Charles Mac Mathias, of Maryland. And he could not be here, but his better half and someone who we enjoyed being with for so many years and still do, Carolyn Long, wife of former Senator Russell Long. Brock Adams was supposed to be here. I understand he is on his way, and I will introduce him when he arrives. All four of these Senators have Parkinsons. We miss them greatly here in the Senate, but we are honored that you could be here today. Finally, I would recognize one other special person, Ruth Kirschstein. Get ready, Ruth, because we have a surprise for you. Dr. Kirschstein began her career at NIH in 1956. She has held numerous positions there including Director of the National Institute of General Medical Sciences, Acting Director of the NIH, and her current position, Deputy NIH Director. Ruth is a visionary and has been a tremendous leader during her service at NIH, playing a key role in launching the Human Genome Project and promoting womens health research. Throughout her career at NIH, there is one thing she has always paid particular attention to and that is the next generation of scientists, building up programs that encourage our best and brightest to enter the field of medical research. So, it gives me great pleasure to announce this morning that Senator Specter and I, along with Chairman Regula and Congressman Obey in the House, have inserted language in the upcoming supplemental appropriations bill that will rename the National Research Service Awards program the Ruth L. Kirschstein National Research Service Awards. Congratulations, Ruth, and thank you for...
