AN INTELLIGENT PERSON'S GUIDE TO RELIGION

Gerald Duckworth & Co Ltd. Hardback. Book Condition: new. BRAND NEW, An Intelligent Person's Guide to Religion, John Haldane, We live, allegedly, in a 'post-modern' age: modernity cast aside the narrative fantasies of the pre-modern era, and now it has itself been exposed as a cruel illusion. Reason is a myth, and science is a threat. If post-modernity represents the final abandonment of all 'grand theories', how stands religion? It is viewed as a particularly unbelievable form of explanation. Yet its power to effect social and political change is undeniable. Religion as a form of challenge to established order is acceptable; religion as a Divine instrument of salvation is regarded as outmoded. Against this backdrop, the author argues that religion without God is like a car without an engine: it isn't going anywhere. Drawing on many aspects of human culture he offers a defence of religion as not only credible but necessary.
