LEARNING FROM PATIENTS: MY LIFE AS A STUDENT NURSE (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.When John Blakeman decided to become a registered nurse, he had no idea how much he would learn about himself, about patients, and about life. A valuable lesson he learned in nursing school was that every patient tells a story. Some stories are told verbally; some stories are told non-verbally; and other stories are only recognized after critical reflection. Join Blakeman as he explores his time in nursing school, reflecting on the lessons he learned from patients and also recounting his triumphs and tragedies. From trying to convince a patient that salt is not approved by the FDA as a pain reliever to holding the hand of a patient in her last days of life, the stories are real, and the lessons are significant. Indeed, nursing students encounter unique circumstances that can be challenging on a daily basis, and this book is a glimpse into some of those situations. Whether you are a student nurse, nurse educator, or have no connection to nursing at all, you will take away valuable lessons from this book. PRAISE FOR LEARNING FROM PATIENTS: Blakeman s Learning from Patients depicts the evolution that takes place within an aspiring nurse during his journey in nursing education through his self-assessment and reflection. He shares moments that are insightful for both nursing students and faculty. -- Dr. Gloria Brummer, DNP, RN, CNE, CEN There is no doubt that the nursing profession is as challenging as it is rewarding.
