They're the same kind of patient answers I got when my dad taught me how to ride a bike without training wheels. Now, if only dad knew active Directory.' -Will Enestvedt, UNIX System Administrator, Johnson & Wales University'When my colleague and I were first reading John Terpstra's Samba-3 by Example, we were impressed by how easy it was to find the chapter we wanted to implement, and the ease of following his step-by-step approach. We always felt Terpstra was there with us, for every configuration line. It was like having our own personal tutor. I always take his book to every client that uses Samba. Additionally, Terpstra does something most authors don't, he keeps his documentation up to date. 384 pp. Deutsch.
