As the population of this North Bay county has increased over the last 30 years, the use of ground water has likewise increased. Currently, over 15,000 wells have been identified in the county. These wells are used for domestic and agricultural purposes in rural areas and for municipal and industrial purposes in urban areas. The Sonoma County Water Agency (SCWA) requested the California Department of Water Resources (DWR) to join a cooperative study to estimate the volume of ground water in storage and the recharge potential in the Santa Rosa Plain, Petaluma Valley, Sonoma Valley, and Alexander Valley and Healdsburg area. The study examined alternative ways the ground water resources of the county may be used conjunctively with the Russian River and other surface water sources. The results of the study are presented in four volumes. This report is Volume 3, and describes ground water conditions in the Petaluma Valley. Volume 2 deals with the...
