## Unjust by Design: Canada s Administrative Justice System (Paperback)

By Ron Ellis

University of British Columbia Press, Canada, 2013. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. Canadian legislatures regularly assign what are truly court functions to non-court, government tribunals. These executive branch judicial tribunals are surrogate courts and together comprise a little-known system of administrative justice that annually makes hundreds of thousands of contentious, life-altering judicial decisions concerning the everyday rights of both individuals and businesses. This book demonstrates that, except perhaps in Quebec, the administrative justice system is a justice system in name only. Failing to conform to rule-of-law principles or constitutional norms, its tribunals are neither independent nor impartial and are only providentially competent. Unjust by Design describes a justice system in transcendent need of major restructuring and provides a blueprint for change.

### Reviews

*The ideal ebook i possibly study. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.*
